CASTLE PINES

OUR TRAILS & PARKS

Whether you're biking, hiking, strolling or stroller-ing, our trail system is the perfect way to get out and explore nature at The Canyons. Take it into the great outdoors that surrounds our community — or let it lead you to one of our just-as-great parks.

THE GREEN

This gathering space is where community events happen. Where you can get to know your neighbors. Spend time with friends. Or pack a picnic, spread out a blanket, and hear local musicians share their talents. And the nearby playground? It's perfect for kids (even those who are just young at heart).

THE LAWN AT FIRST LIGHT

The Lawn is like a peaceful and private yard ... but even better. No play structures. Just amazing views from the scenic overlook, along with lots of quiet. Gather with friends and family at one of The Lawn's pavilions — picnic tables stand at the ready for a leisurely, lovely dinner al fresco.

WILD OAK PARK

Wild Oak Park is where you can let your children's imagination run wild while you relax and take in the view of the heritage Wild Oak tree. And the more, the merrier–gathering structures with shade and seating provide the perfect place for conversation and neighborly meet ups.

RAMBLE PARK

Bring the kids and get ready to play, because there's no shortage of places to explore—like the adventurous playground or smaller tot lot. Keep an eye on the little ones from the covered seating area between the two play areas, or relax on one of the chaise lounges in the grassy area. Even chilly days are fun here, thanks to seating around a cozy firepit.
